

## ARCH 614. Project Evaluation Part II

Group Name: \_\_\_\_\_

Project Grade: \_\_\_\_\_

	Criteria met	Percentage Range
<b>Completeness</b>		
Description		
Drawings As built Revised		
Design Data Material properties Section properties		
Analysis		
Evaluation		
Complete process (redesign)		
Readability		
Research and citation		
<b>Modeling</b>		
Accurate dimensions or assumptions		
Material identification		
Load quantification		
Load tracing for all cases		
Quantified internal forces		
Displacement analysis		
<b>Evaluation</b>		
Structural strength / Efficiency		
Serviceability		
Design (decision making)		
Depth		
Conclusions or summary
